SUPPLEMENTARY INFORMATION: CPSC FOIA Office (Office) staff is hosting a roundtable discussion on common issues requesters and FOIA Office staff face with FOIA requests. The information collected from the forum will assist staff in making recommendations for improving CPSC's FOIA processes.

I. Background

Attorney General Merrick B. Garland issued new FOIA Guidelines on March 15, 2022.¹ Among other points, the FOIA Guidelines stress that agencies should continue to work with requesters in a “spirit of cooperation” and help requesters understand the FOIA process and the nature and scope of the records the agency maintains. CPSC agrees that it is important for agencies to establish good communication and a cooperative working relationship with FOIA requesters to ensure that the FOIA process is meeting the needs of both requesters and the agency, consistent with law.

Improving communication and working cooperatively with FOIA requesters is an essential part of implementing an efficient and effective FOIA system at CPSC. Good communication with requesters is necessary where the Commission is uncertain about the scope of what is being requested and allows both parties to ensure they have a common understanding of what records are being sought. Many times, FOIA requesters do not know how agency records are organized or what might be involved in searching for the records they seek. Being able to talk through the request and reach an understanding can be very helpful to both the requester and the agency. By improving communication with the requester community, CPSC hopes to strengthen

relationships that will allow us to increase our efficiency in processing FOIA requests and to anticipate and address issues that might cause delays.

II. Topics

This FOIA Roundtable will focus on common issues with requesting and processing CPSC FOIA requests, including the scope of FOIA requests and agency jurisdiction, fee categories, requests for expedited processing, essential elements of a perfected FOIA request, clarification process, timing, and how the Office searches for responsive records and what bearing that may have on request formulation. Attendees are invited to suggest additional FOIA-related topics in advance of the roundtable, for inclusion in the discussion.
